

I recently learned that you are proposing to expand LPFM service in a way that would allow LPFM stations to take priority over current FM translator services. I believe this is a mistake. I am a supporter of the FM station K-LOVE. While my son was serving this country in Iraq, he was able to go to KLOVE.COM and listen to positive and encouraging music, as well as words of love and peace. He certainly was not getting that anywhere else. KLOVE has been a great influence on me and my family. It is the only radio station I listen to, and is the only station my children listen to. My children love KLOVE as much as I do. To allow this station to be forced off the air would be a grave mistake. I see many people with bumper stickers indicating that they listen to this station, so I know that it is a very popular station in the Denver area. I've heard the station being played in King Soopers, WalMart, Target and other places when I have gone shopping. There is nothing negative to hear, and only good can come out of listening to it, so why on earth would anyone want to take that away? I urge you to please reconsider your position in removing such a positive influence from the public, both in this country and across the world. We all need as much positive in our lives as we can get. I believe if our youth were constantly surrounded by what KLOVE has to offer, this country would be a much better place. KLOVE is certainly the best I have found at making positive come from negative and showing the love of Christ. Thank you for taking the time to read this comment. May God bless each of you and your families.
